The **VISION** for a **COLORADO COMEBACK**

▶ **EDUCATION**

Children are the foundation of our community, but in Colorado, **over 50% of our students are failing to read, write, and do math at grade level.** Jaylen will **prioritize students over systems** and begin empowering parents to be a part of their children's education.

▶ **JOBS & THE ECONOMY**

Businesses across Colorado have struggled the last few years. Jaylen will ensure that government gets out of the way to **allow the entrepreneurial spirit of Colorado to thrive.**

▶ **CRIME**

We cannot sit idly by as crime ravages our state. **Assault, murder, and property crimes are at a 20-year high in Colorado.** Jaylen will work to **restore order to our streets and crack down on crime.**
