TAMIKA HAMILTON FIGHTING FOR OUR COMMUNITY

✓ VETERAN AFFAIRS

Tamika believes those who have served our country deserve full access to healthcare and job services to help transition back to civilian life.

✓ JOB CREATION

Tamika will push to bring federal tax cuts and incentives to create jobs for the hardworking residents and families of the Central Valley.

✓ WATER STABILITY

The 3rd District is home to California's productive farm land. Tamika will champion legislation that eases water restrictions on our farmers while keeping the environment safe.

✓ FEDERAL TERM LIMITS

Tamika believes we should be represented by regular people, not career politicians.
